

## ***Hemigraphis alternata* ‘Exotica’**

### **“Purple Waffle Plant”**

#### **Light/Sun Exposure**

- Grow best in indirect sun or part shade. Avoid direct sunlight.
- Insufficient light may not produce the aesthetic metallic foliage sheen.
- Direct sunlight can burn the leaves.

#### **Watering Instructions**

- Water regularly. Reduce watering in the winter months.
- Allow the soil to dry out slightly between watering
- Allow for proper water drainage

#### **Temperature**

- The Heartleaf does best in temperatures that are steady between 60-80 °F
- Temperatures under 55°F will start to cause damage to the leaves.
- Air humidity should be at 50-75%.

\* Leaves are ornamental and great for hanging baskets, containers or ground cover. Seasonal blooming of small white flowers.
